No for them. It is believed by some some that lice are an incentive to hog cholera. If that be true, the slop is a preventative for them also. Now, I think eight years experience sufficient to convince the most skeptical as to the good or bad qualities of any remedy or article.

When your neighbors see what fine birds you have, they will naturally want some of them, or setting of the eggs, and thus will a demand be created which will amply repay your first outlay of cash and subsequent trouble and expense. If you had bred nothing sack. but mongrels, there would have been little or no demand, and then merely at market prices. A good trio of pure-bred fowls, of almost any kind, can now be bought at fair figures from reliable breeders, in most sections of the country.

Large and Small Cows.

The desire for large animals is not always judicious. With cows it is questionable if the largest are the best, when the cost of feeding is considered. There are cases in which a dairyman's fancy for large showy animals may be justified, and it may be granted that a stable well filled with large, showy Dutch, or Shorthorn cows, is a very pleas-best that the country afford, and no pairs will upon an equally good looking herd Stages leave this Hotel for Roan Mountain,

The DAILY CHRONICLE, and WEEKLY WHIG AND CHRONICLE, will be kept up during the year 1879 to their usual high standard. By enterprise, accurateness, and close attention to the wants of our readers, we hope to merit a continnation of the liberal patronage heretofore extended these journals.

Nearly nine years ago, when there was not a Republican daily in the State, and only two or three in the South, we commenced the publication of the CHRONICLE. In all these years we have battled for Republican principles, and see no reason to change our course now. Hence we shall continue to publish

a truthful, reliable Republican journal, not the organ of any man or clique, but the outspoken and fearless advocate of principles, measures and men, best calculated to promote the welfare of the country and the Republican party.

We will endeavor to make our agricultural columns worth more to farmers than our subscription price.

As a newspaper our publications shall not be excelled in the State. In addition to our telegraphic dispatches from all parts of the world, our readers shall have the benefit of correspondence and every other means through which reliable information is obtained,

Each number of the paper will contain selections made with special reference to the home circle. We will continue to avoid everything calculated to contaminate, and will publish a paper that may be taken without question within the sacred precints of the family circle.

Our market reports shall have close attention, and be made entirely correct and reliable.

We call upon all persons interested in the publication of our independent, fearless, reliable Repub lican journal to come to our aid and assist in extending the circulation of the DAILY CHRONICLE and WEEKLY WHIG AND CHRONICLE.

In view of the financial pressure upon the country and the general reduction of values, we have decided to reduce the price of the WEEKLY WHIG AND CHRONICLE to suit the times. In the future we will send our weekly paper to subscribers on the following .

TERMS:

To any person who will send us club of ten subscribers with the cash, \$15.00, we will send one copy extra. Payment will be required invariably in advance.
